

Mahler Seminar Slides for Exam STAM

These are slides that Howard Mahler has presented at a seminar or weekly class. Also included are sections of important ideas and formulas. Totals about 1600 pages.

The entire syllabus of Exam STAM is covered.

This provides another way to study the material. Some of you will find it helpful to go through a few sections at a time, either alone or with someone else, pausing to do each of the problems included. Estimated time to go through all of the slides is about 40 hours.

All the material, problems, and solutions are in Mahler's Guides to Exam STAM, sold separately. These slides are a useful supplement to this study guide, but are self-contained.

Author Biography:

Howard C. Mahler is a Fellow of the Casualty Actuarial Society, and a Member of the American Academy of Actuaries.

He has published study guides since 1996.

He taught live seminars and/or classes for many different actuarial exams from 1994 to 2017.

He spent over 20 years in the insurance industry, the last 15 as Vice President and Actuary at the Workers' Compensation Rating and Inspection Bureau of Massachusetts.

He has published dozens of major research papers and won the 1987 CAS Dorweiler prize.

He served 12 years on the CAS Examination Committee including three years as head of the whole committee (1990-1993).
